## V. Procedures for Purchasing Card (P-Card)

### Purpose

This section of the A.D. establishes uniform rules for the City's Purchasing Card. It is intended to ease the administrative burden for "small dollar" purchases that are not on an annual contract. A P-Card is a "bank card" used by authorized City employees to acquire specific goods and services. The rules and guidelines that govern the use of a Purchasing Card are administered and communicated by the City of San Antonio Purchasing and General Services Department.

### General Guidelines

1. The purchasing card is utilized for non-contract or non-inventory items.  
The card may **NOT** be used for:
  - a. Materials and Services under an existing annual contract
  - b. Transportation (commuter/public)
  - c. Automobile & Truck Dealers (excluding Parts & Service Departments)
  - d. Professional Services
  - e. Dine In Restaurants (catering services are allowed)
  - f. Travel – Hotel or Airfare
2. Each cardholder has been provided a single dollar transaction limit, none of which is more than \$3,000, and a monthly cumulative dollar limit.
3. Purchases shall not be "split" in order to stay under the assigned limits. Where it is obvious a purchase was "split" to stay under the assigned limit, the Department Director must submit a memo to the P-Card Program Administrator describing the reason for the "split" and action taken to limit future splitting.
4. Only specifically authorized materials and services may be purchased with a P-Card.
5. The P-Card shall not be used to circumvent existing City of San Antonio purchasing policies and guidelines. If recurring purchases of the same service or commodity will be made through out the fiscal year, contact the Purchasing and General Services Department about creating an annual contract for that good or service. **The P-Card shall not be used to make component, separate or sequential purchases in violation of State law.**
6. Purchase orders may still be required for certain purchases. Contact the Purchasing and General Services Department to see if an item is on an annual contract.
7. A memo from the Department Director addressed to the Purchasing and General Services Director must be created in order to obtain a Purchasing Card for the first time.
8. In an emergency situation, as determined by the Purchasing and General Services Director, the restrictions placed on the use of purchasing cards may be waived. The Purchasing and General Services Director may also raise the transaction dollar limits.
